

Join the Voices for Recovery

Together We Learn, Together We Heal

Recovery month takes place every September as a way of bringing together people who are in recovery, their families, friends, treatment providers and others to share their stories and empower others to take the necessary steps toward recovery. This year's theme emphasizes the need to use all available resources, both in our communities and on the Internet, to educate people about the disease of addiction, seek help and heal. Please come out and help us rejoice for all of those that have taken the steps to recovery and healing and for those that some day will.
